ADMISSION OF STUDENTS INTO THE GOVERNMENT TRAINING SCHOOLS IN THE II CIRCLE—1912.

The Inspector of Schools, II Circle, hereby notifies for the information of the Assistant Inspectors, the Sub-Assistant Inspectors and the Managers of aided schools that candidates of the Elementary grade will be admitted for training in February 1912 in the following Government Training Schools under his charge:—

No.	Name of Institution	Number of stipends available.			Total.	Remarks.
		Secondary	Elementary, Higher.	Elementary, Lower		
1	Government Training School, Gudur	..	10	25	35	
2	Do Nellore	..	8	25	33	
3	Do. Ongole	..	..	25	25	

2. The period of training is one year in the case of the students of the two higher grades and two years in the case of the students of the Elementary grade, lower.

3. The Inspector of Schools will make the selection on the recommendation of the subordinate Inspecting officers.

4. Inspecting officers are requested to forward two lists—one of selected and the other of rejected candidates.

5. The lists of selected and rejected candidates should be submitted to the Assistant Inspectors of Schools of the respective districts by the subordinate Inspecting officers in time for the former to consolidate them and submit them to the Inspector of Schools before the due date. The names of selected candidates should appear in the list in the order in which the subordinate Inspecting officers wish they should be taken, i.e., they should be selected in reference to their general educational attainments, their service as teachers, the need for their training and the nature of their appointment and the school from which they apply for training. Candidates who do not satisfy the condition of age limit under rule 114 of the Madras Educational Rules should not, except in very special circumstances, be included in the list and the selection should be regulated, as far as possible, by rule 115. In the case of rejected candidates, the reasons for rejection should be mentioned against each.

6. To provide for the contingency of some of the candidates selected not joining the Training School, a few more than the sanctioned number will be selected by the Inspector of Schools for each range. All selected candidates who present themselves at the Training Schools on the opening day will be admitted; those who present themselves later will be admitted in the order in which they present themselves but only up to the number of sanctioned vacancies.

7. The list should include no one who has not been a teacher before or concerning whom there is a doubt whether he really intends to make teaching his profession.

8. In the selection of candidates for training next year, those who were awarded stipends this year but were refused admission on account of their not appearing in time might have a first claim for admission.

9. In addition to Provincial stipendiaries candidates whose stipends are paid by Local or Municipal Boards will be admitted for training, as also private candidates as free students.

10. As regards qualification for admission, only those candidates who have passed the annual examination of the third form or seventh standard and have been found fit for promotion to the fourth form or have been awarded an elementary school-leaving certificate of the seventh standard are eligible for admission into the elementary higher class and only those who have passed the late Primary School examination or a corresponding public or school examination or whose attainments in the opinion of the Inspecting officers are not lower than these are eligible for admission into the elementary lower class. Preference should be given, as much as possible, to candidates whose educational attainments are above these minimum requirements. The certificate of general education should be sent in original with the application. The certificate of physical fitness need be produced only by the candidates chosen as stipendiaries. Separate conduct certificates need not be submitted by candidates whose applications are signed by an Inspecting officer.

11. In cases in which the number of candidates applying for training is in excess of the number for whom there is provision, the selection should be made on the result of an entrance examination conducted by the Sub-Assistant Inspector of Schools. The number of stipends available for each range is the same as that furnished in November 1906.

12. Printed forms of applications can be obtained from the Inspector of Schools from and after the 31st October 1911.

13. Applications completed in accordance with the above instructions should reach the Inspector of Schools, II Circle, before the 15th November 1911.

14. Admission into Training Schools for masters under private management will be regulated by rules 2, 10 and 11 in addition to those contained in Chapter X of the Madras Educational Rules.

Office of the Inspector of Schools, II Circle, Guntur, 12th October 1911.
